**Mauricio Velásquez, President of DTG Appears on Two Radio Shows**

Herndon, VA --- Mauricio Velásquez, President of The Diversity Training Group (DTG), a premier Diversity and Inclusion (D&I), general harassment prevention consulting and training boutique appeared on two radio shows recently – USA Radio’s Nationally syndicated Gary Nolan Show “Warrior for Liberty” and the Frankie Boyer Show. DTG has never been more relevant with current political climate, hate on the rise, harassment, CRT, etc. Both appearances can be found on DTG’s website – [diversitydtg.com/radio](http://diversitydtg.com/radio). Both appearances were well received with rave reviews. Podcasts, video snippets also on website and on YouTube.

The Diversity Training Group, starting its 27<sup>th</sup> year, led by President Mauricio Velásquez---featured guest on national radio talk shows across the country and a frequent national speaker, also has appeared on TV--- provides consulting and training in D&I, harassment prevention (gender equity), rescue diversity, mentoring, executive coaching, expert witness testimony and helps our clients with “winning the war for talent” in this era of the Great Resignation.

DTG’s consulting services and expert training assist organizations experiencing: misunderstanding and conflict around an increasingly diverse talent pool, lost sales from not reaching all segments of a customer population, turnover with specific employee groups, rise in employee relations issues, threat of litigation, prejudice and bias.

A select list of DTG’s clients include Future of Privacy Forum, Checkered Flag Dealership Group, O’Connor Brewery, National Police Foundation, Major League Soccer, and Knuckle puck Media (all sectors).

More information can be found on Mauricio and his DTG training and consulting team, at DTG’s website [diversitydtg.com](http://diversitydtg.com). Contact Mauricio/DTG at (703) 478-9191 or [mauriciovelasquez@diversitydtg.com](mailto:mauriciovelasquez@diversitydtg.com)
